

# OSCEOLA VIRTUAL SCHOOL TUTORING PROGRAM

## LET'S WORK TOGETHER!

Our OVS Full-Time teachers will provide your student with one-on-one and personalized help in the areas of mathematics, language arts, science, social studies, and Spanish. Parents must call the teachers or OVS office during regular business hours to let us know that your student will participate from the tutoring on the selected day. Also, students must be picked up when the teachers finish the tutoring services.
